**Instructions:** Using two pieces of paper, follow the guide below to create a patchwork heart.

## Step 1:

Grab yourself two different coloured pieces of A4 paper and fold both of them in half along the short edge.

## Step 2:

Cut both pieces in half along the long edge of the paper.

## Step 3:

Making sure that the folded end of the paper is kept at the bottom, cut the corners off the top.

## Step 4:

Cut four evenly spaced lines into the bottom of the folded pieces of paper.

## Step 5:

Start to weave the individual strips of paper together, starting with the top strip as seen in the image on the left.

## Step 6:

Once you have weaved all the individual pieces together, you should have something that resembles this patchwork heart.

**We'd love to see what you've done!**
